

## DAVIDSON HOLDS PRISON OFFICIALS BLAMELESS STATES MOB COMPLETELY CONTROLLED SITUATION AT PRISON FARM

Ease With Which Frank is Removed Points to Careful Preparation for Lynching—Body is Found Hanging to Tree Near Marietta—Cobb County Officials Begin Investigation.

**BULLETIN.**  
ATLANTA, Ga., Aug. 18.—The body of Leo M. Frank under a heavy police guard, was placed aboard a Southern Railway train which departed at 12:01 o'clock this morning. The funeral party, including Mrs. Frank and several Atlanta friends of the family who will accompany the body to Brooklyn, was guarded carefully by the police until the train left the terminal station.

**MILLEDGEVILLE, Ga., Aug. 17.**—Prison officials here are held to be blameless in connection with the kidnapping of Leo M. Frank from the state prison farm, in a statement given out tonight by R. E. Davidson, chairman of the state prison commission.

Mr. Davidson, with Commissioner Ralley and Patterson, was here to inspect the penitentiary when Frank was seized.

Mr. Davidson's statement said that as the mob so completely controlled the situation, that "no responsibility rested upon anybody at the farm."

Some comment was heard today as to why the lynchers had to deal with only five men—the warden, the superintendent, two guards and a "trustee" in charge at a gate.

That Warden J. T. Smith and Superintendent J. M. Burke were powerless to resist is not questioned here.

**Frank Seized by Five Men.**  
Frank was seized by five men, hurried outside and thrust into an automobile along with a long rope that dangled before his eyes. He did not utter a word although he was handled roughly, it is said.

The body, which was found at 8 o'clock this morning, dangled from the tree for several hours while a throng from the surrounding countryside gathered about the scene. By a vote of the crowd the body was cut down without mutilation and taken by automobile to Atlanta, where another throng congregated to view it.

Officials of Cobb county, in which the lynching occurred, immediately instituted an investigation. Coroner Booth empaneled a jury and announced that the county commission had empowered him to employ additional counsel. Two witnesses appeared before the jury which then adjourned its sessions for a week.

While the identity of no member of the mob was known to officials tonight it was suggested that the fact that Frank was taken nearly 100 miles in an automobile from the state prison almost to the outskirts of Marietta indicated that most of the lynchers came from this city.

The body was found by searchers who started out in automobiles after news had spread that Frank had been kidnapped.

The body hanging from an oak tree, was found only in the silk shirt which Frank wore when he was dragged from a bed in the prison dormitory. A white handkerchief covered his face, his feet and legs were bound and under his right jaw was the knot of the hangman's noose expertly tied to produce a quick death.

**News of Finding Spreads Quickly.**  
News of the finding of the body spread quickly and a great crowd had gathered before the arrival of the coroner.

The latter's announcement that it would be cut down immediately aroused objection. There were cries of "don't move the Jew's body until we shot it full of holes," but an appeal by former Superior Judge N. A. Morris, of Cobb county, quieted the crowd.

"Let there be no further violence," he said. "The work of the mob is done. Leo M. Frank has given his life for the crime he is alleged to have committed. Do not mutilate the body. I appeal to your better judgment and I ask all who agree with the course I suggest to raise their right hand."

There was a moment's hesitation and then uplifted hands appeared above the crowd. The body then was cut down. At first it was placed in an undertaker's wagon which headed toward Marietta, but officials who feared that the crowd might become unruly stopped the wagon on the outskirts of the town and transferred the corpse to an automobile which hurried to Atlanta.

The scene of the lynching was within a few hundred yards of two farm houses, occupants of which said they noticed nothing unusual

during the early morning hours. One man who lived half a mile farther away said he saw four automobiles passing his house but they did not attract unusual attention.

**Hanging Carefully Planned.**  
There seemed to be every indication that the hanging had been planned carefully. The ease with which Frank was removed from the state prison farm, difficulties left in the way of pursuers and the sudden disappearance of the mob after the lynching all pointed to thorough preparation.

After the circulation of reports today that several high powered automobiles had left Marietta Monday night, Mayor Dodds issued this statement:

"I desire in the interests of justice and truth to say that the Marietta and Cobb county officials had no knowledge of any automobiles leaving Marietta well loaded last night nor were they apprised of the return of any machines today. None of the officials had any intimation of the lynching until the body was found."

**Take Body to Atlanta.**

ATLANTA, Ga., Aug. 17.—Leo M. Frank's body was brought to Atlanta this afternoon and secreted in a barn until a crowd searching for it threatened serious trouble. It then was taken to an undertaking establishment, where tonight a steady stream of persons passed to view it. The temper of the people seemed not so much to wreak vengeance upon the lifeless form but to personally assure themselves that it really was the body of Frank.

**Forty Policemen on Guard.**  
Forty policemen were on guard at the undertaking establishment and a crowd that blocked traffic stood for hours in front of the place. The body was shown just as it had been cut down from an oak tree at Marietta this morning.

Because of the insistence of the people to see the body it had not been definitely determined tonight whether funeral plans first arranged could be carried out. A member of the undertaking firm stated positively late today that the body had been secretly placed in a private home.

The body was to leave here at midnight for the home of Frank's parents in Brooklyn, according to Herbert J. Haas, who was one of Frank's attorneys. It will be accompanied by Mrs. Frank, her brother, A. E. Marcus, David I. Marx, H. A. Alexander and Mr. Haas. Shortly after 7 o'clock tonight the undertaking establishment was closed and a cordon of police permitted none to approach.

Men and boys did a thriving business selling photographs of Frank's body, taken as the corpse swung from a tree near Marietta.

**Prefers Lynching to Judicial Mistake.**  
San Francisco, Aug. 17.—Former Governor John M. Slaton, of Georgia, declared today that it was better that Leo Frank was lynched by a mob than if his legal execution had taken place, in an address before the San Francisco Center of the California Civic league.

Mr. Slaton's address, devoted almost entirely to discussion of the Frank case and the lynching of Frank, was delivered in the presence of most of the delegates of the California court and other persons of prominence.

"I would prefer that Frank be lynched by a mob," Mr. Slaton said, "than that he be hanged by judicial mistake."

"One merely reaches the body; the other attacks the soul of civilization. This has been such a lesson to Georgia that I hope it will never occur again in our civilization."

"At the bottom the horrible outcome of the Frank case was the result of the exalted position of woman in Georgia."

**Reviews History of Murder.**  
Mr. Slaton reviewed the history of the murder of Mary Phagan and Frank's trial to show what the people of Georgia rallied to the cause of what they thought was justice.

"There are conditions about the Frank case," Mr. Slaton said, "which constitute a tribute to the fate of Georgia. No wonder it is hard to open the ears of the people of Georgia to reason. They forgot the identity of the offender in the magnitude of the offense."

"There were many good people, as good as I, who disagreed with me, because they said I set aside the verdict of a jury and interfered with the functions of a duly constituted court of law. There are thousands of these good people who disagreed

## BOATS TAKE PEOPLE FROM BUILDINGS

Rescued Galveston Citizens Are Taken Aboard Transport Buford

**STORM IS SUBSIDING**  
All Buildings on Waterfront Are Ruined—Transport McClellan Is Blown Half A Mile Inland

**NO NEWS OF LOSS OF LIFE**

**BULLETIN.**  
WACO, Tex., Aug. 17.—The following wireless message was picked up by the Waco high school station tonight. The sign "C. U. G." is not listed and probably is newly licensed. The message follows:

"D. A. R. (anybody and everybody). Wind nearly gone. Water three feet deep in Tremont Hotel. No big boats left as we know of. Dock ruined. Rain about stopped. Call me at midnight."  
(Signed) "C. U. G."

**DALLAS, Tex., Aug. 17.**—Two brief wireless messages from Galveston today gave the only direct news from that storm stricken city. No definite news of loss of life has been reported but the desperate situation which the citizens of Galveston found themselves was indicated vaguely by the statement in a late afternoon wireless message that boats were taking people from buildings on the main streets to the United States transport Buford.

**Extends Devastation Inland.**  
The tropical hurricane which swept down upon the island city yesterday extended its devastation inland today and tonight wireless communication was impossible beyond Waco, that town being absolutely cut off from the coast country. Beaumont, Taylor, Temple, Houston and other cities of southeast Texas were thought to have been hard hit by the storm. Last reports from these places telling of unroofed buildings, uprooted trees and other damage.

Although latest reports from Galveston by wireless indicated that the storm was subsiding there and that the water had started to drain slowly from the streets, there was no prospect that wire communication might be restored for several days. Hundreds of miles of wires are down and thousands of poles prostrated. The army transport Buford's wireless outfit was the sole means of communication between Galveston and the outside world. Her companion ship, the McClellan, was high and dry half a mile inland.

**Waterfront Buildings Ruined.**  
The greatest damage in Galveston, judging from the meager wireless messages and the tales of such refugees as left before the full fury of the hurricane was felt on the island, occurred in districts fronting the sea. All buildings on the water front were ruined, this circumstance being almost a repetition of the city's experience in previous storms.

Vessels caught in the harbor also suffered heavily, some being destroyed while others were badly damaged. The giant waves thrown up by the storm carried large and small craft alike far beyond the usual beach boundaries and the marine salvage work probably will be complicated by the necessity of getting many boats back to their own element.

It will be weeks probably before the full extent of the property damage can be given accurately. Farms on the coastal plains undoubtedly suffered severe damage and many villages in the path of the storm have not been heard from since early yesterday.

**Gale Blowing at Waco.**  
At Waco, 200 miles northwest of Galveston, the barometer was falling early tonight and a gale was blowing with unabating force. This indicated that the storm center was approaching that part of the state and the experiences of Taylor and Temple bore out that conjecture. At Temple several houses were unroofed and at Taylor the telephone exchange was uncapped and the service, for the time being put out of commission. Both these towns are in a general path from Waco to Galveston.

**Refugees Reach Waco.**  
Waco, Tex., Aug. 17.—Belated trains today brought many passengers here from Galveston who had left that city hurriedly to escape the fury of the hurricane which has been raging along the Texas gulf coast since Monday forenoon. As early as 12:30 p.m. yesterday thousands of persons were seeking safety from the threatened flood and the terrific force of the wind. Extra trains were run from Galveston as long as the storm permitted, to accommodate the crowds who feared a repetition of previous disasters in Galveston which resulted from gulf storms. Interurban electric trains were run at frequent intervals and every car was crowded, according to statements of passengers here.

## PLAN TO FLOAT HUGE BRITISH LOAN 'N U. S.

MOVE TO PREVENT FURTHER DEPRECIATION OF MONEY OF THE ALLIES

Syndicate of Bankers May Be Formed to Finance the Loan—Believe Big Bankers Have Been Called on to Suggest Acceptable Terms.

New York, Aug. 17.—Out of the disorder of the foreign exchange markets today plans began to assume form for floating a huge British loan in New York to check the downward trend of rates and protect the money of Great Britain and her allies against further depreciation.

It was reported that a syndicate of bankers might be formed to finance the loan and issue might consist of one, five and ten year bonds. This report furnished the only indication as to how far negotiations had progressed. Its lack of definiteness reflected the general feeling that the big bankers of the street had been called on by England to suggest acceptable terms of such a loan and that negotiations were in progress over the cables to set the foreign exchange situation right.

Until these negotiations are concluded there will be no official announcement concerning them, it is understood.

The outstanding fact at the close of today's exchange markets was the imperative and immediate need for a loan of not less than \$300,000,000 to restore rates to normal or thereabouts. There was every indication that unless some action of this sort were taken speedily, sterling, francs and lire would be still further depreciated and the financial burden placed on foreign buyers of American products would be increased correspondingly.

A signed statement by Sir George Paish, the British authority of finance, given to the Associated Press in London and cabled to New York was read with keen interest by international financiers. They thought Sir George's analysis of conditions and speculation as to future alternatives which American manufacturers and producers might face was not in full accord with the American viewpoint.

Sir George's statement, in the opinion of some of these bankers, added little, if anything to the information already in possession of the inner circle of moneyed interests in close touch with the situation, although it was regarded as a clear expression of the English viewpoint, which heretofore had not been generally understood by American manufacturer and investors.

## MEXICAN SIDE OF RIVER NEAR PROGRESSO SEEMS DESERTED

No Sign of International Complications Develops From Fight Across the Rio Grande.

Brownsville, Tex., Aug. 17.—No sign of international complications developed here today growing out of the fight across the Rio Grande last night at Progresso, between about 100 Mexicans and 21 United States cavalrymen.

This afternoon the Mexican side of the river near Progresso seemed to be deserted. The consul here representing Carranza said he would call the attention of the Matamoros Carranza garrison to the camp of alleged belligerent Mexicans at Progresso.

Col. Robert L. Bullard this afternoon sent two companies of infantry to Harlingen to strengthen the command of Major Anderson, whose troops are patrolling the district about Progresso and several of the important posts northeast of Brownsville.

At Mercedes it was estimated that half a dozen Mexicans were killed in the fighting yesterday and last night. Mexicans opposite Progresso were estimated at 200 to 300.

## SEVERE STORM CAUSES HEAVY DAMAGE IN EASTERN MISSOURI

ST. LOUIS, Aug. 17.—The most severe rain storms in years swept through a large section of eastern Missouri this afternoon causing heavy property damage, destroying crops, killing livestock, flooding rivers and endangering human life.

In Louisiana, Missouri, seventy buildings in the section were flooded. A brick building collapsed and several others were swept from their foundations by the torrents which raced through the streets. Small bridges and barns were carried far from their foundations and sections of railroad track were washed out.

Centralla, Auxvasse and La Grange each reported flooded streets and the latter city was in darkness tonight as the result of broken wires.

## ARREST FOOD INSPECTOR.

Chicago, Aug. 17.—Detectives from the state's attorney's office tonight arrested Joseph E. Prendergast, a state food inspector. The arrest was the result of charges made by an assistant state's attorney that Prendergast had received \$100 in currency from a member of a large wholesale grocery firm to pass favorably on 2,500 cans of tomatoes, which previously had been labeled suspicious by James Sullivan, another state food inspector. Prendergast was locked up in a city police station.

## REPORT DISCLOSES LOSS OF MILLIONS

Commission Charges Rock Island Officials With Misrepresentation

**SUGGESTS LEGAL ACTION**  
Report Shows Great Profits to Promoters of the Rock Island Holding Companies

**SUMMARIZE AGGREGATE LOSS**

WASHINGTON, Aug. 17.—The interstate commerce commission's report on its investigation of the Rock Island railroad financial affairs, made public here today shows millions of dollars in losses in stock transactions; charges the railroad officials with misrepresentation in their reports to stockholders; discloses great profits to promoters of the Rock Island holding companies and arraigns the syndicate operations which began in the early nineties.

**Suggests Legal Action.**  
The Interstate Commerce Commission broadly suggests action by the legal branch of the government. It says, "those guilty of misleading reports to stockholders should be subject to adequate penalties."

The aggregate losses to the Rock Island in the Alton, Frisco and other deals are summarized by the commission as follows:

"Frisco deal, approximately \$6,500,000; Alton deal approximately \$6,370,000; Trinity and Brazos Valley railway deal, more than \$4,500,000; Consolidated Indiana and Dering coal companies at least \$1,300,000 and \$2,500,000 additional if advances made to the coal companies cannot be collected; contributions or gratuities to officers and directors, about \$1,000,000; expenses of maintaining and housing holding companies, more than \$290,000; transaction of C. H. Verner, a stockholder, \$217,000; miscellaneous unexplained expenditures, \$72,523."

**Loss More Than \$20,000,000.**  
The items show an aggregate loss to the railway company of more than \$20,000,000.

"In addition thereto it is to be noted that prior to June 30, 1914, the railway company paid to financial institutions, in connection with the issuance of bonds, commissions aggregating more than \$1,600,000 and suffered discounts of more than \$17,700,000."

In a general criticism, the commission says:

"The property of the railway company will be called upon for many years to make up the drain upon its resources resulting from transactions outside the proper sphere in which stockholders had a right to suppose their money was invested."

**Too Many Passive Directors.**  
This record emphasizes the need of railway directors who actually direct. There are too many passive directors who acquiesce in what is being done without knowledge and without investigation.

"A director of a railroad is a quasi public official who occupies a position of trust. A director who submits blindly to the exploitation of his company is a party to its undoing and he should be held responsible to the same extent as if he had been a principal instead of an accessory before the fact. The greater his prominence the greater his responsibility and the greater his dereliction."

"The Clayton anti trust act which becomes effective October 15, 1916, will make it unlawful for any person at the same time to be a director in two or more competing corporations any one of which has a capital, surplus or undivided profits aggregating more than \$1,000,000, but common carrier is expressly exempted from its application."

"It should be just as grave an offense for an official of a railway to be faithless to his trust for financial gain as it is for an elected official of the government to betray his trust for money reward."

## GOV. HARRIS RETURNS TO ATLANTA.

Fitzgerald, Ga., Aug. 17.—Governor Nat E. Harris, who came here today to attend the annual reunion of Confederate veterans, announced that he would return to Atlanta tonight for the purpose of aiding in an investigation of the lynching of Leo M. Frank.

"The people are entitled to all the facts in the case," the governor said, "and I propose to see that they shall have them."

## NAME BUSH RECEIVER.

St. Louis, Aug. 17.—Benjamin F. Bush, president and chairman of the boards of the Missouri Pacific and of the St. Louis, Iron Mountain and Southern railways, was appointed sole receiver of the two lines by Circuit Judge Adams at Woodstock, Vermont, today.

## CARRANZA WILL REJECT PROPOSED CONFERENCE

APPRECIATES THE FRIENDLY TONE OF THE PAN-AMERICAN APPEAL

"First Chief" Will Suggest That Conference Use Their Influence to Obtain Recognition for His Government From Their Respective Republics.

Washington, Aug. 17.—General Carranza will reply to the Pan-American appeal to Mexico within a few days, it was learned here tonight. He will reject the peace conference proposal urged by Secretary Lansing and Latin-American diplomats and, it is reported, will suggest that the conference use their influence to obtain recognition for his government from their respective republics.

**To Make Courteous Reply.**

According to his friends here, Carranza appreciated the friendly tone of the Pan-American appeal. He has consulted his civil and military associates regarding it and has communicated with Eliseo Arredondo, his Washington representative, and other agents of his cause in the United States. As a result of these it is said the general has determined to make a courteous reply, giving in detail his reasons for rejecting the conference plan and advancing arguments in an effort to convince the conferees that recognition of the Carranza government is warranted and necessary for the re-establishment of peace in Mexico.

That some of the Latin-American diplomats already have been apprised of Carranza's probable course has been reported here. It is known that Mr. Arredondo conferred yesterday in Philadelphia with Eduardo Suarez, Chilean ambassador to the United States and one of the Pan-American conferees. Details of their meetings were not disclosed, but Mr. Arredondo is said to have made informally some suggestions regarding the strength of the Carranza cause. No formal replies to the peace appeal have reached the state department from Mexican leaders but reports have come that the communication has been delivered throughout Mexico. Department officials said they had reason to believe the document addressed to General Zapata had been delivered to him by a messenger from Mexico City.

**Anxiety Felt for Americans.**

Some anxiety for Americans in Vera Cruz is felt again because of the circulation of placards there containing "highly inflammatory" language and protesting against interference in Mexican affairs. Secretary Daniels said the battleships Louisiana and New Hampshire were to reach Vera Cruz tomorrow morning.

## WALSH REPLIES TO CRITICISMS OF HIM BY FORMER PRESIDENT TAFT

Pays Especial Attention to a Statement by Mr. Taft That He Did Not Have Judicial Poise.

Chicago, Aug. 17.—Frank P. Walsh, chairman of the United States commission on industrial relations today issued a statement in reply to criticisms of him by former President Taft at a luncheon address at St. Louis yesterday. Mr. Walsh paid especial attention to a statement by Mr. Taft that he did not have judicial poise.

Mr. Walsh's statement today said in part:

"The assumption of the so-called 'judicial poise' in its modern application is not the proper uniform of a truth seeker. On the contrary its chief use is to suppress truth. I might go further and paraphrase the famous lines regarding patriotism and say that in too many instances it has proven to be 'the last refuge of a scoundrel'."

Mr. Walsh took occasion to review the circumstances under which Mr. Taft declined an invitation to testify before the commission last April. He then said that he would answer the criticisms of the former president "probably at San Francisco on September 6, where I have accepted an invitation to deliver the Labor Day address at the Panama-Pacific exposition."

## HELD TO GRAND JURY ON CHARGE OF CONSPIRING TO BLOW UP MINE

DUQUOIN, Ill., Aug. 17.—David Richards, a miner and William Hawkins, a negro, were bound over to the Perry county grand jury on charges of conspiring to blow up the Granger coal mine at Winkleville, Ill., at the preliminary hearing of twelve defendants on similar charges here today. Richards was released on \$1,000 bond and Hawkins was returned to jail.

The negro first divulged to county authorities details of alleged plot which led to the arrest of eleven miners, one of them the president of the Winkleville miners' union.

## ARREST ALLEGED BURGLAR.

Chicago, Aug. 17.—George Smith, negro, 18 years old, said to be wanted in Cedar Rapids, Iowa, in connection with a recent burglary there, was arrested here tonight. Smith, who told the police his home was in Gallman, Miss., in his possession two book bags issued by a Cedar Rapids bank. Authorities in the Iowa city were notified and asked that the suspect be held.

## SUBMARINE SINKS TROOP LADEN SHIP

British Transport Goes Down in Aegean Sea With Heavy Loss of Life

**LOSS OF SHIP SERIOUS**  
Men Were Reinforcements for Twenty-Ninth Division on the Gallipoli Peninsula

**RUSS RETREAT CONTINUES**

LONDON, Aug. 17.—The sinking in the Aegean Sea by a German submarine of the British transport Royal Edward, with heavy loss of life, has shattered the proud tradition of the British navy of having transported hundreds of thousands of men across the sea without the destruction of one troop laden ship.

On two previous occasions transports have been attacked. The Wayfarer was torpedoed by a submarine in the Irish Sea but the vessel was not sunk and only five lives were lost. The Manton was attacked by a Turkish torpedo boat in the Aegean Sea and, although the ship was not damaged, fifty four lives were lost through the breaking of a davit as a boat was being lowered.

**Loss of Transport Serious.**  
The loss of the Royal Edward is serious at this moment. The men it carried were not part of a new expedition but were reinforcements for the twenty ninth division which has been on the Gallipoli peninsula since the first landing.

The news came as a shock to the British public who believed the submarine menace in the Aegean Sea had been dealt with successfully. This is the first occasion since the sinking of the battleship Maestral on May 27 that the German submarines which made the long trip to the Dardanelles have scored a success.

With the Russian retirement in the east and the continuance of the Balkan negotiations the necessity for achieving something definite in the assault upon the Dardanelles is growing greater.

## Russian Retreat Continues.

The retreat of the Russian from Poland continues and it is believed probable they have to fall back further than the Brest-Litovsk line as Berlin reports today that General Listmann has stormed and taken the forts on the southwest front of Kovno capturing 4500 prisoners and 240 guns. This probably means the early fall of the fortress itself time between which and the capture of the Vlna-Warsaw-Petrograd railway their cannot be much delay.

Another front on the northeast of Novo Georgievsk also has fallen and the cordon is being closed around the fortress. Other armies from the west and south are advancing toward the Brest-Litovsk line. There has been continued activity among the diplomats in the Balkan capitals and among the Balkan representatives in other capitals.

## Serbian Minister Visits Grey.

The Serbian minister who has been a frequent visitor at the foreign office saw Sir Edward Grey again today while another caller was the Roumanian minister.

The Italians according to telegrams from Rome have commenced another general offensive against the Austrians but there has been no news of moment from any of the other fronts.

## PLAN ILLINOIS SCHOOL OF JOURNALISM

Chicago, Aug. 17.—A school of journalism that will rank with leading institutions of its kind throughout the country, is planned by members of the executive of the board of trustees of the University of Illinois, who met here tonight. Professor H. F. Harrington of the university of Kansas was appointed associate in journalism in the University of Illinois to take charge of the courses.

It would seem that Georgia would be an extremely unenviable place for ex-Governor Slaton to live. We would advise that former executive to move north. He would be a valuable addition to any northern state. We need more like him in Illinois.

### About Highways.

It is not the amount of money that is used on the public highways in the country that causes the bad roads, but it is the method of spending the money says the Alton Telegraph. There is far more waste in taking care of the highways than in almost any other line of public endeavor. The public gets the benefit of a small per cent. of the money that is raised by taxation to keep the roads up. The law forbids that highway commissioners shall be directly interested in the profits of working on roads, and they may not do any of the work themselves, yet it is said to be the rule that highway commissioners regard the highway funds as more or less their personal prerogatives and they do much of the work in a very efficient and wasteful manner in most of the townships in the county. It is only by checking this system of the commissioners doing the work themselves that it is going to be possible to get any good results out of the road funds.

### Reasons Seem Unsatisfactory.

Different explanations are given for the cancellation of large wheat contracts by the allies for September shipments to Europe, though most of them seem wholly unsatisfactory.

Patten, the big wheat operator of Chicago, thinks it may mean that Europe has to find a source of new supply in Russia, or Europe finds she cannot pay.

As most of the contracts cancelled were on wheat that had been intended for Italy, another explanation is offered. It is said that buyers found all prospective profits cut off by a plan of the Italian government to fix maximum prices or otherwise circumvent speculation.

This explanation is denied in Italian quarters and other reasons are given, among them being a too high exchange basis between the United States and Italy, which is more than 20 per cent above normal, while better condition prevail between Italy and Argentina. But notwithstanding all this, if Europe wants American wheat it is liable to get it and pay a good price.

### Asphalt Production.

Although there was a decrease in the marketed production of natural asphalt and of manufactured or oil asphalt derived from domestic sources in the United States in 1915 the decrease was more than offset by the greatly increased output, from American refineries of oil asphalt derived from crude petroleum, imported from Mexico.

According to J. D. Northrop of the United States Geological Survey, who attributes the decline in asphalt production from domestic sources chiefly to the increasing use of the product manufactured from Mexican oils, the output of natural asphalt in 1914 amounted to 77,588 short tons, valued at \$630,683; the output of oil asphalt from domestic petroleum amounted to 360,683 short tons, valued at \$3,016,969; and the output from American refineries of oil asphalt from Mexican petroleum amounted to 313,787 short tons, valued at \$4,131,153. Compared with 1913, the output of natural asphalt in 1914 declined 16 per cent and that of domestic oil asphalt 17 per cent, whereas the output of Mexican asphalt increased 174 per cent.

In California a notable increase in the output of oil asphalt, derived wholly from domestic petroleum resulted largely from an increase in the use of asphalt in highway and pavement construction in the state.

### Nancy Hanks is Dead.

When the news came over the wire Monday evening of the death of Nancy Hanks at the Madden farm near Lexington, Ky., it did not cause much comment, except among old time horsemen. It is probable however, that few of this generation recall Terre Haute on the famous four death brought to old timers.

Nancy Hanks was a Kentucky bred mare and along we believe it was in 1892 the name was known throughout the entire world. That year Nancy Hanks lowered the world's trotting to 2:04. For many years it had been held by Maud S. at 2:08 3/4. The year that Nancy Hanks lowered the world's record Independence, Iowa, was the mecca of horsemen from all over the United States. C. W. Williams, the man who bred Axtell the famous trotter, had brought forth another that it looked would be even better. This was the horse Allerton. A great purse was offered at Independence for trotters and it brought together the cream of the trotting world. Just the year before the Kentuckians

had been cleaned up in Tennessee, we believe it was on a race between Hial Pointer and John R. Gentry. They were after revenge and they got it. Nancy Hanks outclassed the field and won the race and incidentally a large chunk of money. Later at Terre Haute on the famous three cornered track she put the trotting mark at 2:04 where it stayed for several years. Lou Dillon finally shot records all to pieces. Yet there was a halo surrounding the old time trotters that is not in vidence today. Among the old timers the names of Dexter, Jay Eye See, Maude S. and Nancy Hanks will always be spoken with reverence while the names of famous trotters and pacers of the present day are forgotten.

### Meeting of Reichstag.

The assembling of the German Reichstag today is watched with interest by the entire world of finance. Another huge war loan is asked by the Imperial government and on the success of this loan depends the country's credit and its ability to continue the war. Whether there will be a break-down in German finance is just now interesting not only to the European capitals but the friends and foes of the Teutons in this country.

From information gleaned by New York financial agents, it is shown that the last German loan was successful only because the government mobilized savings banks, mortgage banks and insurance companies. From Switzerland comes the information that these sources of revenue are already exhausted. There is plenty of wealth in Germany but it is felt by financiers in America that the Kaiser's hope must now lie in the bigger financial interest of Germany. To be sure, they have been patriotic with their aid; but it is known that many of the conservative far-seeing German financiers must see victory ahead and a sure return before they will cast in more than their mere share. In fact, it is believed that only decisive military victories and the signal defeat of the enemies of Germany can bring forth the full power of the financial interests of that country.

### The Murder of Leo Frank

The unlawful snuffing out of the life of Leo M. Frank, near Marietta, Ga., yesterday morning by a blood thirsty mob of southern big game hunters without doubt one of the most disgraceful proceedings ever perpetrated in this land of the free and an awful stain and grimy smear on the fair name of Georgia.

It appears to one this far from the scene that Frank was a doomed man ever since the day that little Mary Phagan's body was found in the basement of the pencil factory of which Frank was superintendent.

The conflicting stories told by the negro arrested were not considered. But the negro's shifting of the blame for the crime to the shoulders of the young head of the plant was immediately seized upon as snowy truth.

The degenerate negro was freed and every effort was made to frame up evidence upon Frank.

The work of Detective Burns in this case did not bring results which were desired by popular clamor and his findings were pooh-poohed and thrown out.

That the judges and juries were seemingly coerced in their findings by the feelings of the people in the court room and in that part of the state, there is little doubt.

When the "trials" of the young Jew were completed and he was sentenced to death for Mary Phagan's murder, there arose in the state of Georgia one man with intelligence enough to realize that a great injustice was probably being done the young prisoner and back bone enough to prevent, in face of popular clamor for the life of Frank, the death sentence from being carried out.

This strong, honest man was Gov. Slaton, a man who the state of Georgia will some day look up to and revere for the strength of his convictions.

Gov. Slaton's conscience is clear. His thoughts are not troubled in regard to his duty towards Frank. He followed the dictates of his innermost soul and conscience when he commuted Frank's sentence to life imprisonment. He could not bring himself to believe that the doomed man had received justice at the hands of the courts.

The circumstances under which Frank was found guilty, the evidence upon which the verdict was rendered, serve to make the unprejudiced extremely doubtful of his guilt.

The feeling, on the other hand, displayed by the people of the southern state against the young defendant, surely must have been caused by some other fact than that he was of Jewish origin. One cannot conceive of such hatred without some just provocation for it. The reason for this feeling against Frank, other than his nationality, has yet to come to light.

It seems that a certain class of people of Georgia, not the better class, however, from the outset determined to have the life of the accused. When in the face of their antagonism Governor Slaton commuted the prisoner's sentence, the "Hef" Green was employed as his tool. A file knife was placed in his murderous grasp. He failed, however, to carry out his dastardly purpose of killing Frank, although he did succeed in inflicting an awful, gaping wound in his victim's throat.

Monday Frank was released from the hospital and on account of his physical condition was sent to the prison farm and not to the penitentiary.

It seems that the prison officials, knowing the feeling of this certain class against Frank, should have given him better protection. The fact that twenty-five men could wrest the prisoner from the hands of the war-farmer and guards shows that they either little cared for the life of the man in their charge or else were

cognizant of the plans of the "mob" and did not desire to make too much offensive display.

The lawless element of Georgia's society is to be deplored. Georgia's shame will not be soon erased from the records of her state, her nation, or her God.

### ONE HUNDRED AND TEN

#### BABIES HAVE BEEN REGISTERED

The registration of babies up to Tuesday evening was 110. The threatening weather and other things have prevented the mothers from bringing their babies and for this reason the management has concluded to keep the register open until Thursday night, one day longer than had first been planned. The registration and examination will be from 1:30 till 5 and all the babies pictures must be taken by Saturday. The committees hope that the mothers will not wait until the last minute to bring their children. Last year there were 114 babies examined and it is certain that the number this year will go beyond that figure.

### FUNERALS

#### Jones.

The funeral services of Harriet Tingle Jones were conducted from Reynolds' undertaking parlors Tuesday morning at 10 o'clock in charge of the Rev. G. W. Flagg, pastor of Centenary church. Interment was in Diamond Grove cemetery and the bearers were Arch Norris, Ben Wood, Edgar Fanning, John M. Carroll.

#### Nash.

The funeral services of Mrs. C. W. Nash were conducted Tuesday afternoon at 3 o'clock from the Methodist Protestant church at Chapin, in charge of Rev. J. M. Burns, of Beardstown. There was a large number present to pay a last tribute of respect to the dead.

Music was furnished by Mrs. F. M. Roberts, Mrs. Frank P. McKinney, Harry Ohnken, J. H. Eller. The flowers were in charge of Mrs. William Brownlow, Mrs. Ben Clark and Mrs. Peter Hamm.

Burial was made in the Concord cemetery and the bearers were F. P. McKinney, Robert Wallace, Riley Taylor, Henry Brownlow, Frank Burnham, Frank Smith.

#### Goveia.

Funeral services for the late John D. F. Goveia were held from Northminster church Tuesday afternoon at 2:30 o'clock. There was a large gathering of friends and relatives to pay a last tribute of respect to the memory of the deceased. The services were in charge of the Rev. Ray Bracewell assisted by the Rev. L. R. Cronkhite.

Hymns were sung by a quartette composed of John Dry, John Vasconcellos, Mrs. Jennie DeFreitas and Mrs. Lydia Scott.

There was a large number of floral offerings and these were in charge of Mrs. Walter Wild, Mrs. Robert Nunes, Mrs. Bert Chittie and Mrs. Earl Smith.

Interment was in Jacksonville cemetery and the bearers were: Henry McKeely, F. M. Masters, Edgar Gibbs, William Frost, F. J. Scholfield and William Hastings.

#### Cherry.

The funeral services for Mrs. Frances Cherry were held from the residence, 328 East College street, Tuesday morning at 10 o'clock. Services were in charge of the Rev. A. B. Morey and were simple in character yet impressive withal. The only music at the service was a solo by Miss Florence Kennedy who gave the same selection that she sang at the funeral of Mr. Cherry.

There were many beautiful floral offerings and these were cared for by Miss Margaret Jefferson, Mrs. Etta Williamson, Mrs. J. W. Merrigan and Mrs. Percy Cherry.

Interment was in Diamond Grove cemetery, the bearers being: F. A. DeFreitas, David Estaque, Jesse DeFreitas, Percy Cherry, George Vasconcellos and J. A. Vasconcellos.

Several from without the city were present at the services. Among them were Ralph Withee, Ottawa; John McAllister, Woodson; Miss Lizzie Mendonsa, Mrs. Joseph Vasconcellos, Mrs. Mary Vasconcellos, Mrs. Lida DeFreitas and Mrs. Etta Williamson, Springfield.

### SAYS DAUGHTER WHO

#### MARRIED WAS ONLY 14.

The marriage of Corbett H. Bandy and Miss Katherine Dunbar were Monday by Rev. J. W. Miller was the occasion of Frank Dunbar, father of the bride visiting Jacksonville Tuesday. He declared that his daughter was only fourteen years old last March and that he was opposed to the marriage. In securing the license the groom had said, it is stated that his bride was 18 years old. The groom resided in Beardstown, while the bride had been making her home in Pleasant Plains. The father, it is understood, intends to consult attorneys in Beardstown as to what steps to take to annul the marriage.

official, left Galveston Monday at 2 o'clock. At that time he said, the wind was blowing at an estimated velocity of sixty-five miles an hour. The barometer was falling rapidly, he said, and water was beginning to run over the railroad tracks on the long causeway which leads from the inland city to the mainland.

Another passenger returned from Galveston—Dr. J. Ellen Gildersleeve said that when he left the storm-swept city at 12:30 yesterday afternoon the water was across the rap and was creeping up the sea wall at a rapid rate. As his train crossed the causeway, he said, the water was within three feet of the tracks.

Dr. Gildersleeve said that thousands of people in Galveston were flocking to the business session from the lowlands.

"World at War" Will Be Theme of Celebrated Traveler and Lecturer—Plans for Farmers' Tent and Old Settlers' Celebration.

Dr. Samuel Alden Perrine, student and traveler, will appear Saturday evening, Aug. 21, at the Jacksonville Chautauqua. It was announced last night at a meeting of the directors in the office of Dr. Carl E. Black, Dr. Perrine comes in place of Nat M. Brigham, word of whose death was sent the directors last week.

Dr. Perrine has an unequalled Oriental exhibit and a large collection of brilliant colored pictures for stereopticon projection. His subject is "The World at War", and his lecture, besides delineating European problems, will refer especially to the Eastern question. Dr. Perrine was many years in the far east and has first hand information with regard to the underlying causes of the present international upheaval.

Great interest is being manifested in Old Settler's day, Tuesday, August 24, and in order to lend reality to the memory of the past the chautauqua management makes a request for owners of old relics and heirlooms to bring them to the grounds that day. Old time costumes and uniforms will be welcomed. Vehicles, furniture, or articles of household use which are reminiscent of pioneer days, it is hoped, will be brought to enhance the effectiveness of Old Settler's day.

In the window of the Farmers State Bank and Trust Co. may be seen exhibits of the Good Roads day prizes. Those desiring assistance in the matter of decoration are referred to the headquarters to be opened today in the old H. J. & L. M. Smith millinery stand on West State street. Mrs. J. F. Gasthoff, representing the Casthoff Floral Co. of Danville arrived in Jacksonville last night and will be here until after the big parade.

Additional plans present themselves for increasing the value of the agricultural features. The farmers' tent will be erected today and work of unloading will proceed without delay. The management is anxious to secure samples of soy beans, alfalfa, sweet clover, sudan grass and other plants of value not yet in general use and will appreciate the generosity and thoughtfulness of farmers who may bring such samples to the tent.

### MT. ZION CHURCH PICNIC.

Threatened Bad Weather Does Not Stop Burgoon at Grove.

A goodly number attended the Mt. Zion M. E. church burgoon Tuesday evening in Paschall's grove and though attendance was kept down by rain approaching, most of the soup was sold and a good sum realized from the cream. The soup was made by Richard Leake and was of excellent quality.

Mrs. Emma Johnson, as president of the Mt. Zion Ladies' Aid society, had general charge of the event. The committees follow: Soup, Allison Thomason and William Paschall; tables supplies, Mrs. John Johnson and Mrs. Louis Watt; pies, Mrs. Wm. Dunn and Mrs. E. R. Carter; cake, Mrs. Ross Long and Miss Myrtle Paschall; soliciting, Miss Clara Myers, Miss Cecil Newby, Miss Ethel Thomason and Miss Mae Paschall; ice cream, E. R. Carter and Louis Watt. Those in charge of tables were Mrs. Allison Thomason, Mrs. W. G. Wolfe, Mrs. W. T. Willard, Mrs. Emma Robinson and Mrs. W. A. Davidson.

### PARDON BOARD MEETS.

Joliet, Ill., Aug. 17—The state board of pardons met here today. Among the cases considered was that of Evelyn Arthur See, the "absolute life" cult leader, convicted in 1912 of contributing to the delinquency of Mildred Bridges, the minor daughter of a Chicago jeweler.

### DISCUSS IMMIGRATION.

Toledo, O., Aug. 17—Immigration in all its phases, was discussed at a mass meeting here tonight by speakers of note connected with the American Federation of Catholic societies. "Why do immigrants come?" was the subject of Rev. F. Siedenbueg, dean of the school of sociology at Loyola university.

## WAS SEVENTY-EIGHT YEARS A WINCHESTER RESIDENT

William H. Clark Dies Tuesday Morning at Age of 88—Was Veteran Odd Fellow and Long Time Republican—Other Winchester News.

William H. Clark died Tuesday morning at 6:30 o'clock at his home in the northeast part of the city of Winchester. He was born March 27, 1827, and was thus 88 years, 5 months and 10 days old at the time of his death. Mr. Clark was born in Tennessee, but coming northward with his parents while yet a boy, settled in Scott county and was a resident of Winchester 78 years.

For more than a half century Mr. Clark was an Odd Fellow. He received his veteran's jewel last year, commemorating the long time during which he had held fellowship, unbroken, in the lodge. In manner, Mr. Clark was quiet and unassuming. By religion he was a Methodist and by politics, a republican. For sixty-three years he followed the trade of blacksmithing, retiring in July, 1911. Mr. Clark was married in March, 1850, to Miss Helen Brown, of Jersey county and she was his faithful helper sixty years, passing away in 1910. One son survives, Charles Clark, of Elyria, O., and two daughters, Mrs. Charles Winkelhake, of Springfield and Mrs. Douglas Ligon, of Winchester.

Funeral services will be held Thursday afternoon at 2 o'clock at the Methodist church. Odd Fellows will have charge at Winchester cemetery, where burial will be made.

### Personal Mention.

Carl Smith, who has been attending the University of Illinois, arrived home Monday.

Harry Higgins is making a visit of several days in Jacksonville.

Mrs. M. L. Smith, for many years in the millinery business at Winchester, has sold her stock to Miss Pearl Wilson, Henry Herring, east of here, has purchased her residence property.

## SUPREME COURT GRANTS WRIT OF SUPERSEDES IN LAWSON CASE

Colorado Court Also Bars Judge Hillyer From Presiding at Future Trials Growing Out of Strike Disorders.

Denver, Aug. 17—The United Mine Workers of America today won two victories in the fight which has succeeded the strike of Colorado coal miners. The state supreme court granted a writ of supercedes, preliminary to a review of the John R. Lawson case and at the same time barred Judge Granby Hillyer from presiding at future trials growing out of strike disorders.

The Lawson supercedes stays the execution of the sentence of life imprisonment pronounced by Judge Hillyer upon the labor leader after his conviction of first degree murder at Trinidad last May. Lawson still is in jail, the court having deferred settlement of the question of admitting him to bail.

By granting a writ of prohibition barring Judge Hillyer from hearing three strike trials at Walsenburg, attorneys believe the court has in effect, ended Hillyer's connection with strike cases, as the motion decided today was admitted to be a test of the supreme court's attitude toward the jurist who was charged with bias by reason of having been an attorney for coal mining companies.

Several hundred cases still are to be tried in the third judicial district, which includes the coal mining fields near Trinidad and Walsenburg.

Hillyer was appointed to the bench last spring by Governor Geo. A. Carlson, in compliance with a law enacted at the last session of the legislature providing for an additional judge in the third district.

### ATTENDING ANNUAL RETREAT.

MISS MEDA T. GALLAGHER  
WEDS HARRY N. GOACHER

Ceremony Said at Home of Bride's Parents in Woodson—Young People Will Reside in White Hall.

At eight o'clock Monday evening at the pleasant home of Mr. and Mrs. Edward Gallagher of Woodson the wedding of their daughter, Miss Meda T. Gallagher to Harry N. Goacher of White Hall took place. The ceremony was in the parlor under a floral arch adorned with spangled ferns and with a white background. The young people entered the room as Miss Ruth Gallagher, sister of the bride, most artistically rendered Mendelssohn's wedding march on the piano and her brother, Dr. Edward Gallagher of Parsons, Kansas, sang most effectively a beautiful selection entitled, "When I am with You."

The fair bride was tastefully arrayed in a becoming costume of white crepe de chine trimmed with lace and carried bride's roses. The ceremony was beautifully and impressively performed by the life long friend of the family, Dr. G. W. Miller, and at the close of the fervent invocation of divine blessing on the young people about to begin the journey of life together all present pressed forward to tender sincere congratulations.

A delicious wedding supper followed and was much enjoyed by all present. The groom is a well known and promising young man of the metropolis of Greene county and bears an excellent reputation in all respects. The bride is the third daughter of Mr. and Mrs. Edward Gallagher and is a young lady of choice character, winning ways and many rare accomplishments. She is a graduate of the Jacksonville high school and for several years has been a teacher in the public schools of Woodson where she has achieved fine reputation in her chosen calling. She is also a musician of much ability possessing a charming voice which she well knows how to use and also is an accomplished pianist.

Among the guests present were Mr. and Mrs. Maurice Thompson, brother in law and sister of the bride and residing near Prentice; Mr. and Mrs. George Goacher, parents of the groom and residing in White Hall; Dr. Edward Gallagher of Parsons, Kansas and brother of the bride; William Clegg of Murrayville, uncle of the bride; Mr. and Mrs. T. M. Whitlock and daughter Dorothy, Mr. and Mrs. John R. Henry, Misses Zella Crain and Grace McAllister, Mr. and Mrs. C. C. Self, Mr. and Mrs. Frank McCurley, brother in law and sister of the bride with their children; Mr. and Mrs. Harry F. Smith, brother-in-law and sister of the bride and children, all of Woodson. The young people begin their life's journey with the best wishes of a large circle of friends.

## INDIAN SLAYER

SAID FROM HANGMAN Milwaukee, Wis., Aug. 17.—James Waupoose, an Indian, who was sentenced to be hanged tomorrow for the murder of Mary Dickson, postmistress of Keshena, Wis., has been saved from the gallows through commutation of sentence. He will serve a life sentence at Leavenworth. Waupoose claimed he did not know what he was doing when he shot Mrs. Dickson last April. He claimed that he had been engaged to the girl. He became despondent when she jilted him, and set out to commit suicide. His mother succeeded in getting the revolver away from him. Later he went to see his former sweetheart, and shot the girl. He then turned the gun on himself and inflicted a serious wound. When he confessed to the crime and pleaded guilty in the federal court, he was given the death sentence, but this was later commuted.

AT WESTMINSTER. The Rev. C. E. Alexander, D.D., of Bartlesville, Okla., preached one of the most acceptable sermons heard for some time in Westminster church, on Sunday morning. He chose as his text the words from Revelation 22, 1: "And he showed me a pure river of water of life."

His subject was handled in a manner interesting to his hearers. Dr. Alexander went from here to Indiana, his old home.

## YUAN SHI KAI DISCUSSES PROJECT OF PROCLAIMING HIMSELF EMPEROR

Prof. Goodnow is Consulted on the Question and Approves the Project.

Pekin, Aug. 17.—The project of proclaiming himself emperor is being discussed by Yuan Shi Kai, president of the Chinese republic, with his immediate supporters and Prof. Frank Johnson Goodnow of Johns Hopkins University, legal adviser to the Chinese government who is spending the summer in Peking. Professor Goodnow, who secured the confidence of Yuan Shi Kai by advice given during former critical times, has been consulted on this question since his arrival here a month ago and it is learned that he approves the project.

The news became public by the publication in this morning's newspapers of accounts of the formation by several prominent men of an association for the purpose of discussing whether a monarchy is not the better form of government for China. The article quotes Professor Goodnow as declaring that for China a monarchy is a better form of government than a republic and that "conditions are different in China and America and it is impossible to transplant a system from one country to another."

The news has created a sensation in Peking and is being telegraphed throughout the country.

## WILL SUGGEST LEGISLATION TO INCREASE PERSONNEL OF NAVY

Daniels Will Submit Special Report on Needs of the Navy to President Wilson this Week.

Washington, August 17.—Legislation to authorize a substantial increase in the enlisted personnel of the navy to man the rapidly increasing number of ships will be suggested by Secretary Daniels when he goes to the White House this week to submit the special report on needs of the navy asked for by President Wilson.

A large building program will be recommended next winter. Since March, 1913, there has been a net increase of fifty in the number of naval vessels in full commission. In the same time the number of men has increased 5,114, bringing the total virtually up to the limit fixed by law. During the two years the number of commissioned battleships increased six; first class cruisers five; destroyers six; monitors four; submarines twenty; gunboats six; tugs two and special types one.

## NAME MISS DOHERTY TRUSTEE OF EDUCATION ASSOCIATION

Defeats Dr. Joseph Swain, President of Swarthmore College—Announcement Comes As a Surprise to Many Delegates.

OAKLAND, Calif., Aug. 16.—The first political gun was fired at the fifty-third annual convention of the National Education association at the conclusion of the opening session Monday when it was announced that the board of directors had chosen Miss Agnes Doherty, of St. Paul, Minn., as trustee to succeed the late James M. Greenwood, of Kansas City, Mo. Vice-President Joseph Swain, president of Swarthmore College, was a candidate for the vacancy.

In view of Dr. Swain's candidacy, the announcement came as a surprise to many of the delegates. One of the directors said:

"Miss Doherty's election was accomplished with such celerity that Dr. Swain's name was not presented."

## THE SNAIL.

George Fitch.

The snail is a sort of perambulating shell which has aroused the envy of all flat dwellers and other spasmodic movers. The snail carries its home on its back like many an overburdened husband and father and is distinguished from the ease with which it moves from place to place. Nature has in fact, been very partial to the snail. It is as independent as the family which roams the country in a covered wagon living on other people's chickens. If man could pick up and move with as little exertion as the snail, landlords would have to use motorcycles to collect their rent.

The snail is also distinguished for the inconceivable deliberation with which it progresses. The war department is rapid beside it. After a snail has risen early and has journeyed hard all day it is still in the shade of the same apple tree. Still the snail has this advantage over the American battleship. It doesn't have

## FROM THE EDUCATOR'S NOTEBOOK.

Washington—in round numbers there were 22,000,000 persons enrolled in the educational institutions in the United States in 1914 according to the annual report of the Commissioner of Education, just issued. Of this number 19,000,000 were in elementary schools, 1,374,000 in secondary schools, both public and private, and 216,000 in colleges and universities. Close to another 160,000 were in normal schools preparing to be teachers, 67,000 were in professional schools and the remainder were scattered through other types of institutions.

The teachers for this educational army numbered 700,000, of whom 566,000 were in the public schools. The cost of education for the year was \$750,000,000. Not the least interesting of the data shown, as indicating the progress of education, is the rapid growth of the public high school. The enrollment for 1914 is greater by over 84,000 than the year before.

The cost of education, according to the Commissioner, is less by \$300,000,000, than the cost of running the federal government; is less than one third the nation's expenditure for liquor, and is only a little over three times the cost of admissions to moving picture theatres in the United States.

Boston.—The proposed transfer of the \$5,000,000 fund left to Harvard University under the will of the late Gordon McKay, to the Mass. Institute of Technology will not be objected to by the state, according to Attorney General Attwill, who renders the opinion that the transfer will be a public benefit. The fund was designed to establish and forever maintain a school of industrial arts and sciences. The will said the school should teach particularly mechanics, chemistry, electricity, physics, engineering, manufacturing and commerce. The will authorized Harvard to erect buildings for the school with its new buildings on the bank of the Charles River. Technology was particularly fitted to carry out the idea intended, and the trustees have asked permission to transfer the fund.

Oakland, Calif.—The great annual congress of educators, under the banner of the N. E. A. is in session here. Attracted by the wide scope of the programme, as well as the opportunity to view the great Exposition—in itself a great triumph of education—an unusually large attendance has registered at headquarters. The many branches of the Association have arranged interesting programmes. Tomorrow the School Garden Association will hold the opening session of their three-day programme. The International Kindergarten Union will also hold meeting during the ensuing four days, and the National Council of Teachers of English will convene tomorrow. Next week the American School Peace League, the National Assn. of Teachers' Agencies, the National Congress of Mothers and Parent-Teachers Association, the Association of State Superintendents, the National Assn. for the Study and Education of Exceptional Children, the American Home Economics Association, the Religious Education Assn., and the National Assn. of State Universities will each hold their annual sessions here.

Madison, Wis.—The manual arts department of the University of Wisconsin has begun a new course in cutting, polishing and mounting semi-precious stones. Artistic work has already been done by the first students.

Dubuque, Ia.—The local Board of Education will employ two teachers whose work will consist in the care and instruction of children who do not profit by class instruction, but need individual attention. The new work will not be confined entirely to backward children, but will be used to aid in advancing those who learn faster than the normal. The idea is to take care of four groups

of children who were not heretofore provided for: the clearly defective child, the child who is in no way defective but is slow and backward, the child who has been absent from school through illness or other cause, and the especially brilliant child.

Los Angeles.—In one of the public schools, there are enrolled 1,000 children all but five percent of whom are foreigners. In order to get the foreign children to school, they were told to bring the babies with them. Many of the foreign children are "little mothers," who must care for the babies while their mothers work to support the family.

## HAND BALL STILL SUPREME AT THE Y.

Passing the Y. M. C. A. on Morgan street one can hear almost constantly the thud of a hand ball and the shuffling of feet made by eager contestants as they battle for supremacy. Everybody is playing hand ball now at the Y.

The first game last night was between W. Wood and E. Johnston. Wood proved the better player and soon ousted Johnston by scores 21 to 3 and 21 to 6.

Widmayer and Hembrough were the next warriors on the court and although the scores show a very uneven series of games, nevertheless they were very interesting and both fellows worked hard. Hembrough won all three games. Widmayer's scores being 0, 1 and 10.

The last game was between Hunt and W. Wood and it proved to be a battle royal. Hunt won a series of games and Wood had just finished winning a series of games an hour before and both contestants were fighting hard to get in the semi-finals. The first game was Wood 21 to 18. The second game was even better than the first till Wood got his serve working good and soon won out by a score of 21 to 10.

The tournament has proved very interesting and now that real interest has been created for this exciting game, many are enquiring about it and are anxious to participate. Even Recker, the efficient janitor of the Y, decided yesterday afternoon that he ought to demonstrate his ability at the game and the way he took Vieira over the court was slow. After this tournament is finished another one will be started, many more contestants entering and will make a much more interesting one.

Dr. L. C. Tiffany of Springfield was among the professional visitors in Jacksonville.

## HOW WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio—"My left side pained me so for several years that I expected to have to undergo an operation, but the first bottle I took of Lydia E. Pinkham's Vegetable Compound relieved me of the pains in my side and I continued its use until I became regular and free from pains. I had asked several doctors if there was anything I could take to help me and they said there was nothing that they knew of. I am thankful for such a good medicine and will always give it the highest praise."

Mrs. C. H. GRIFFITH, 7305 Madison Ave., Cleveland, Ohio. Hanover, Pa.—"I suffered from female trouble and the pains were so bad at times that I could not sit down. The doctor advised a severe operation but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it. What joy and happiness it is to be well once more. I am always ready and willing to speak a good word for the Compound."—Mrs. ADA WILT, 196 Stock St., Hanover, Pa.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## IT RUINS HAIR TO WASH IT WITH SOAP

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary mulified coconut oil (which is pure and greaseless), is cheaper and better than soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You can get mulified coconut oil at any pharmacy, and a few ounces will supply every member of the family for months.

## ARGUE SUIT FOR \$102,000,000

Boston, Aug. 17.—In the state supreme court today arguments are being heard on the suit for \$102,000,000, brought by the minority stockholders in the New Haven railroad against the former directors, in which it is sought to have the former directors held liable for the expenditure of the vast amounts for street railway and steamship lines. The minority stockholders seek to have the money paid back to the corporation, claiming it was spent wrongfully. Specific allegation is made that \$112,000,000 was spent on street railways in New England that are worth only \$56,000,000, that \$28,000,000 went for steam railroads the actual value of which was \$12,000,000, that \$32,000,000 was paid for Boston and Maine stock worth not over \$10,000,000, and that \$37,500,000 was used up on the Winchester road for property that did not exceed \$19,000,000 in value.

The supreme court has already turned down the suit, but an amended action has been filed and is now the subject of argument between the lawyers for the minority stockholders and the railroad attorneys. The court has decided that a stockholder has no personal right to action against directors who have defrauded a corporation and thus affected the value of his stock. Such wrongs, it is decreed, are against the corporation itself, and except through that, have no relation to the stockholder.

## WOMEN DEMAND SENTENCE OF POSTMASTER.

Hackensack, N. J., Aug. 17.—The women who were behind the prosecution of former Postmaster George A. Hurd, of Haworth, N. J., on charges brought by his pretty assistant, Miss Martha L. Conrad, do not conceal their anger over Hurd's disappearance after they worked hard to bring about his conviction. The sentencing of Hurd, who was convicted last May, has been postponed from time to time, until today, when he is ordered to appear. For a dozen weeks since his conviction, Hurd has been at liberty. Twice the case has been called up for sentence, but Hurd failed to appear. He faces a sentence of \$2,000 fine, fifteen years imprisonment, or both. Hurd is alleged to have left home in June and has not been seen since. His counsel said recently that Hurd was in Arkansas. His wife and children say they do not know where he is, and the bondsmen have been worrying.

Mrs. Herbert Van Dusen and Mrs. Benjamin Olcott, of Haworth, and other women who were interested in the prosecution of the case, are outspoken. "There is something wrong," said Mrs. Van Dusen. "The man was convicted, released on the mere bail of \$2,000, and now he is gone. The excuse that the record could not be transcribed is too shallow. I just wish that we women could get hold of Hurd and handle him. He would not now be missing, but would be in jail. We will be in court to see that this man gets his just deserts."

## SHIP U. S. MONEY BY REGISTERED MAIL.

Washington, August 17.—All government money and securities, beginning today, will be transported by registered mail, instead of by express. The express companies, who have been handling the traffic for over a quarter of a century, will lose nearly a half a million a year. The government will save hundreds of thousands of dollars a year, and Secretary McAdoo believes the funds and securities will be fully as safe in the mails.

DIVIDE DOUBLE BILL

PITTSBURGH TAKES FIRST BY 3 TO 2 SCORE.

Chicago Captures Second Contest 6 to 4 by Hard Hitting; Fisher's Timely Batting Being the Feature—Brooklyn Downs Giants.

Pittsburgh, Aug. 17.—Pittsburgh and Chicago each won a game of the double header today, Pittsburgh taking the first 3 to 2 and losing the second 6 to 4. Benton, secured from Cincinnati and whom the New York club claims pitched the first. The second game went to Chicago because of hard hitting. Fisher's timely batting being the feature.

'MORNING GLANCES'  
(By Gosh)

Detroit beat Cleveland both games of a double header Tuesday. The score of the first game was 10 to 3 and the second was won by a score of 7 to 3. Dubuc pitched great ball in the first game keeping Cleveland's hits well scattered. In the second game Oldham did not allow Cleveland a score until the ninth.

Ty Cobb had a great day. The great Tyrus was five times at bat and got four hits two of them doubles. He scored three runs and also pilfered three sacks. Cobb seems to be going after the base stealing record and bids fair to make it a hundred or more before the season closes.

The Cubs and Pirates broke even in a double header yesterday the Pirates taking the first game 3 to 2 and the Cubs the second by hard hitting, Fischer especially doing great work with the stick. Benton pitching for Pittsburgh in the first game held Chicago to six hits. Humphries only allowed Pittsburgh five but they bunched them in the fifth.

Jack Coombs won another game from the Giants yesterday defeating them with Mathewson on the mound. It must have reminded some of the spectators of the famous battles between the Giants and the Athletics a few years ago. It made Coombs laid win from the Giants this season.

Toney pitched brilliantly yesterday and Cincinnati shut Philadelphia out 2 to 0. Alexander the great tried to win for the Phillies but was not equal to the occasion. Only two hits were made off of Toney up to the ninth then Philadelphia gathered two more, making their total four for the game.

Allen Smith has returned from an extended stay in St. Louis and is now at the home of his parents, Mr. and Mrs. Charles H. Smith, on Westminster street.

OHIO COAL RATE HEARING.  
Columbus, O., Aug. 17.—The investigation of Ohio coal rates was resumed this morning by the Utilities commission. The railroads are determined to fight to the bitter end against any reduction in carrying rates. The fight thus far has been almost wholly between the Sunday Creek Coal Co. and the Hocking Valley lines. Since the hearing adjourned on Aug. 6, the railroads have been gathering evidence and witnesses to support their claim that the coal rates in Ohio are not too high.

MUTUAL INSURANCE MEN MEET.

## MARKET LETTERS

## CATTLE MARKET LETTER.

Chicago, Monday, August 16, 1915.—Cattle receipts at Chicago today were estimated at 18,000, somewhat under general expectations. Kansas City had 10,000 and Omaha 8,000. The weather was extremely warm so that cattle rock on an extraordinary good bill and buyers were inclined to hold off on this account. However, when they got to work they paid about steady prices but the late market was dull and 10 to 15c lower, with quite a number of cattle going over unsold. The extreme top reported was \$10.20 for a load of 1-410 lb. beefs. The butcher stock market was 10 to 15c higher during the earlier hours of the day, with canners about steady, but later lower.

The small supply of western rangeers on sale sold at strong prices. Our sales of these included two loads of 1,420 lb. Montanas at \$9.25, top price of the season to date, and three loads at \$9.00. Now, with increasing receipts of these cattle, the natives will be more and more affected, and we can see no object in holding back cattle that are fully ready; nor in fact, such cattle as westerns will be more materially affected.

Supplies of hogs today were 20,000. The market on the lights was about steady. As high as \$7.85 was paid for 120 lb. pigs and \$7.75 for 175 lb. pigs, while the bulk of the hogs, which were on the mixed packing order, sold at \$6.35 to \$6.75.

Supplies of sheep and lambs were 16,000. The general market was 15 to 25c lower, very best native lambs selling at \$8.40 to \$8.50. Yours truly,  
Clay, Robinson & Co.

Kansas City Stock Yards, Aug. 16, 1915.—Stock and feeder trade was just getting straightened out for the big fall business last week, when advices of the new cases of foot and mouth disease were received. Numerous sales of fleshy feeders were made last Wednesday at \$8.75 to \$9, but on Thursday and Friday this trade disappeared. However, corn prospects are improving daily, and a very large crop is now assured, and as this is a positive stimulant, whereas, fear of foot and mouth disease is a negative influence the feeder trade will doubtless revive in a short time. Receipts here today are 17,000 cattle, market steady to 10 lower. Feeders are 25 to 35 cents lower than a week ago, and stock grades of cattle are 50 cents lower. Some good red Kansas fleshy feeder around 1100 pounds, sold

at \$7.90 this morning and good thin fleshed short horn feeders were bought at \$6.75, which defines the range on straight feeding steers. In stock grades some good red and black steers weighing around 800 pounds sold at \$7.00, which would have brought \$7.50 or more a week ago. Good useful little stock steers are selling today around \$6.50, bulk of the stockers at \$6.50 to \$7.25. Some good mouthed grazing cows were picked up late last week at \$4.75, and the buyer states today that he can now buy that kind at \$4.50. Breeding heifers are selling higher than anything else on the list. A four car drove of Kansas yearling heifers, bought here as pan-handle calves last fall, sold readily this morning at \$7.60, weighing 590 pounds. This was a nice drove of yearlings, but did not have any distinctive breeding. Stock hogs are moving more slowly, and plenty are available, though prices are unchanged from last week. \$8.00 to \$8.50. Breeding ewes are 50 to 75 cents lower, mostly at \$6.75, choice black face ewes \$7.00, feeding lambs \$7.75 to \$8.00. More feeding and breeding stock will be available from now on.—J. A. Rickart, Market Correspondent.

## CHICAGO LIVE STOCK MARKET.

Union Stock Yards, Chicago, Aug. 16.—Oliver S. Green, with Walter Bros., reports the receipts of Monday, Aug. 16: Cattle, 18,000; hogs, 31,000; sheep, 17,000.  
The bulk of the cattle sold at about steady prices. Choice to prime sold in a few cases 5 to 10c higher. It was a slow market for big heavies. Even though they were well finished as big weights carcasses are in least demand both here and in the east. Cheap grassers weak to 10c lower. They have range competition. The run of 1500 western rangeers fell short of expectations and the bulk came from Montana. A drove of 31 fat Montanas from the A. O. Spain made 9.25, averaging 1421 pounds. Three loads of N. Rogness took 8.65 to 8.75.  
The Powers steers made 8.35 with tailings cut to 7.60. Montana Mexicans, 7.45 to 7.50.  
Range she stock sold freely at steady prices and supply was short. Good butcher she stock firm to 10c higher. Bulls strong to 10c higher. Veals generally 25c lower. No steers on the double extra order in the hand and medium weight order offered. Though one carload of choice 1410 pounds made 10.20 and sixteen fine 1073 pounds yearlings 10.15 with a few carloads light handy weights weighing up to 1575 at 9.90 to 10.05.  
Native beef cattle quotations.  
Good to prime yearlings 8.75 to 10.40.  
Common to fair, 7.50 to 8.60.  
Choice to prime heaves 9.60 to 10.25.  
Choice to prime handy heaves 9.50 to 10.15.  
Good to choice corn feds, 9.10 to 9.50.  
Medium good handy steers, 8.60 to 9.10.  
Common to medium warmed-ups 7.60 to 8.50.  
Common to plain grass steers, 6.85 to 7.50.  
Inferior to rough grass steers, 6.00 to 6.65.  
With light tailings below 6c and down to 5.50.  
Butcher cows, 5.00 to 7.85.  
With prime to fancy, 7.90 to 8.25.  
Heifers, 5.50 to 9.00.  
Bulls, 4.50 to 7.75.  
Canners and cutters, 3.50 to 4.75.  
Common heavy calves to good vealers, 4.25 to 10.00.  
Choice to prime vealers, 10.25 to 11.25.  
General hog market 10 to 15c below Saturday morning's prices.  
General values 30 to 40c below high time last Thursday. Light show least decline. Market closed very weak.  
Select packing and shipping 6.25 to 7.75.  
Light weights, 6.90 to 7.65.  
Rough heavy through-outs, 5.50 to 5.90.  
Heavy packing, 5.90 to 6.20.  
Medium and butchers, 6.40 to 6.90.  
Mixed packing, 6.10 to 6.30.  
Native sheep and lambs 10 to 25 cents lower. Bulk 15c down. Some range ewes 15c off and not all sold. Range lambs sell slowly, 25 to 35c decline. Best top at 8.60.  
Native yearlings 6 to 7.25.  
Native ewes, 4 to 5.75.  
Washington lambs, 7 to 8.50.  
Washington yearlings, 6.50.  
Native lambs, 6.50 to 8.55.  
Bucks, 3.50 to 5.10.  
Idaho lambs, 7.25 to 8.60.  
Idaho ewes, 4.50 to 5.75.  
Montana wethers, 6.25.  
It is well to note that the foot and mouth infections is under complete control, with the exception of two or three cases. The lately infected cattle and hogs remain above ground.

### Teaching the Adult Immigrant.

The necessity of teaching the adult immigrant how to speak English as soon as possible after his arrival is emphasized by H. H. Wheaton, of the U. S. Bureau of Education in a report just made public.

"With the adult immigrant desire for instruction and ability to acquire language are largely lost," says Dr. Wheaton, "yet inability to speak English is the serious barrier to intercourse between Americans and foreigners. Furthermore, employers are coming to see the necessity of teaching their foreign-born employees the English language and something of the rules of safety. Experience shows that a large proportion of industrial accidents are due to the fact that foreigners have not understood the orders of the foremen. A canvass of many employers of foreign-born workmen indicates that a knowledge of English is urgently needed. This is particularly true of railroads, steel plants and foundries."

In eight of the principal cities of the United States, according to Dr. Wheaton, the number of foreign-born adults unable to speak English totals over 800,000. New York alone has 422,000.

The types of schools adapted to the education of the immigrant are evening, industrial and camp schools. "The number of classes provided by different cities," declares Dr. Wheaton, "is far from adequate." Appropriations are insufficient to provide the requisite teaching. Failure to appreciate the need of increase in accommodations is shown by the fact that 13 cities in the state of New York, with a population of 10,000 to 30,000, and with the foreign-born population varying from 1,000 to 7,000, have no public night classes where immigrants can learn the English language.

Dr. Wheaton adds that private and religious agencies have largely supplemented the inadequate provisions made by the state to teach adult immigrant English and American laws and customs.

### GODD WHEAT CROPS.

The east part of the county seems to have come well to the front with wheat yield. James McCormick, living southeast of Jacksonville had forty acres of fine wheat which threshed 37 bushels to the acre and James Cunningham on the James Cully place had a crop which threshed 29 bushels to the acre. Mr. Cunningham likes the "Turkey" (RA), bearded wheat which is good if one does not want to feed the straw. The grain is excellent and makes a good quality of flour.

### PIGEON PIE INFORMATION

HENRIETTA D. GRAUEL

Pigeon Pie is a dish worth making, and since squab raising has become an important industry, anyone can secure the birds. The pigeons are cleaned like any other bird and thoroughly washed inside and out; cut into four pieces, then flattened with a cleaver. The pies are baked with upper crust only and there should be plenty of gravy in the pie and the crust must be rich and flaky.

Of course, only tender pigeons or squabs should be cooked, but the choicest birds are usually broiled, stuffed and baked, or prepared in some fancy dish, so the less tender are left for baking with pastry. If you are sure the birds are long past the squab age, quarter them as directed and put them into a saucepan with three pints of water to each pair of birds. Add seasoning and simmer them well. When the flesh is tender use them as directed, with the broth.

When buying squabs there are three things to consider: color, weight and age. A squab is a pigeon that has not left the nest, its flesh is white, but as soon as it begins to fly the flesh darkens. Prime squabs weigh about nine pounds to a dozen and if heavier are no long-

# Big Tractor Farming Demonstration

## Bloomington, Illinois, August 23 to 28, 1915

This gigantic Demonstration of tractor plowing will be the greatest agricultural event ever held in Illinois and the Middle West

## 80 Tractors

will give practical demonstrations, providing an unparalleled opportunity to study the leading makes and types of farm tractors in actual operation under conditions as nearly similar to those which prevail on average farms as it is possible to arrange.

Every progressive farmer and his family—especially his boys—should witness this great event.

Come and see the big "steel horses" as well as the smaller ones at work in the field. See them plow from two to ten furrows at a time.

All of the leading makes of tractors and gang plows will be there. Several are of the newest type, operating self-lift plows, making them strictly one-man outfits. Some are four wheeled; some have but one drive wheel; some lay their own track; every imaginable type of tractor and engine gang plow will be demonstrated.

**This is a Big Free Event** for the farmers of Illinois and the Middle West. You can't afford to miss it.

You will be entertained royally. Bloomington is one of the liveliest towns in the state and has all plans made to give the tractor show visitors the time of their lives. Admission to everything is free. Ten minute car service direct from the Bloomington to demonstration grounds. Ten acre field for parking automobiles. All roads oiled.

One of the largest moving picture concerns in the world will have men on the grounds to take views of this great demonstration to be shown in all parts of the country. Be there and get in the pictures.

**SEE** the "farming with dynamite" demonstrations which will include stump shooting, ditch digging, subsoiling and tree planting.

**Special Entertainment Features.** The City of Bloomington is planning to royally entertain visitors. One of the entertainment features will be Venetian Night on the lake at beautiful Miller Park, which will consist of an illuminated Water Parade of thirty or more floats, a wonderful display of fireworks, band concert by the famous Bloomington Band of fifty pieces, etc.

**THE MIDDLE WEST TRACTOR FARMING DEMONSTRATION** Held under the auspices of The Bloomington Commercial Club, McLean County Better Farming Association and with the co-operation of The University of Illinois. Conducted by THE FARMERS' REVIEW, Chicago.

All attended the camp meeting, which is in progress in the grove across the road from Mr. Peters' home. The dinner was splendid and the entire day was one of especial pleasure.

**GOOD WEATHER ALL DAY FOR A. H. T. A. EXCURSION.**

Steamer Columbia Takes 312 People from Havana to Beardstown and Return.

Three hundred and twelve people took advantage of the annual excursion of the Anti-Horse Thief association Tuesday, and though rain fell in Jacksonville in the afternoon and evening, excursionists report the entire trip free from showers. The train left the C. P. & St. L. depot at 8 o'clock and arrived home at 8:19 o'clock Tuesday evening. The steamer Columbia left Havana at 9:40 o'clock and made an hour's stop at Beardstown. Stops for passengers were made at Liberia, Little Indian and Virginia.

Threatening weather at dawn kept many from going, though the committee felt well pleased with the success of the day. A. C. Reid, president of the A. H. T. A., was in general charge and assisting him were Perry White, C. A. Rowe, Geo. W. Davis and Stansfield Baldwin.

Among the Jacksonville excursionists were Jacob Strawn and family, Isaac Watson, A. D. Arnold and family, John W. Clary and family, Geo. Killian, Lee and Edward Killian, William Deutsch, George Lukeman, Paul Scott, Edgar McGinnis, Jack O'Brien, Charles Gruber, Harry Cain, Joseph Doyle, Frank Doyle, Leo Clancy, William Rook, Ordain Fox, Mrs. Donahue, Miss Margaret Donahue, Misses Clara Rook, Frances Graubner, Agnes Keating, Elizabeth O'Neal, Grace Ehrigott, Helen Strawn, and Velma Arnold. A number from Murrayville and a few from Woodson were among the party. Liberia representatives included Mr. and Mrs. Earl Rexroat, Mr. and Mrs. Earl Crum, Miss Evalie Potefish, Chapin, Mr. and Mrs. Talmadge Chapman, Mr. and Mrs. Warren Daniels, Mr. and Mrs. Elmer Henderson, Edward Litter, Arthur Litter, Charles Mullens, Willard Young, Fred Conover and Wade Roach. Among Arcadia people on the excursion were David Henderson, Jack Clark, Wayne Niddie, Roy Dinwiddie and Chas. Clark.

### BIRTH RECORD.

Born, to Mr. and Mrs. Fred Hopper, at their home on South Prairie street, Tuesday morning, a son eight and one-half pounds.

Born, to Dr. and Mrs. Charles E. Waters, of Murrayville, Saturday, a son.

Miss Gladys Cochran went with her mother to various northward points and returned by way of Chicago, where she was asked to remain and use her knowledge in the investigation into the dreadful disaster which befell the steamer Eastland. Miss Cochran for some time was employed by the civic department of Chicago and her experience is highly valued.

### READY FOR BUSINESS.

(Continued from page one.)

with me, criticised and condemned me.

"But when these good people find out the truth of the Frank case their general condemnation will turn into general approval and they will say to me as governor of Georgia which never could have been eradicated."

**Daniels Denounces Lynching.**  
Washington, Aug. 17.—Secretary of the Navy Daniels tonight issued a formal statement denouncing the lynching of Leo M. Frank as the worst blot on the name of Georgia and declaring that it would be more sincerely condemned in the south than in any other part of the republic. The statement follows:

"I am shocked beyond expression at the lawlessness of the Georgia mob. It is the worst blot upon the name of the state. Every good citizen must deplore it. It will be denounced more sincerely in the south than in any other part of the republic. The great bulk of the southern people know that such instances, perpetrated by the few and endorsed by a small minority, work injury to their section.

**No Excuse for Lynch Law.**  
"There never is any excuse anywhere for lynch law. In this case, there were thousands of the best men in Georgia and elsewhere who doubted the guilt of Frank. There were many in Georgia who believed he was guilty. If guilty, he ought to have paid the penalty for the heinous crime—the worst that man can commit."

"The governor after long deliberation, decided to commute the sentence to life imprisonment. Those who thought the governor should have let the sentence stand cannot even advance the poor plea that Frank had escaped punishment. The governor's action changed the sentence from death to imprisonment for life. The punishment of life imprisonment is the most serious sentence that can be imposed sort of execution. If guilty, Frank would be daily punished for his crime, for life imprisonment is a living death."

**Demand Punishment of Mob.**  
"No man is safe when a mob takes the law in its own hands. I have no doubt the governor of Georgia will employ every possible agency to discover the mob-murderers and bring them to trial and punishment. The honor and fair name of Georgia demand this."

"The case has become one of nation wide interest and the eyes of all the civilized world, standing aghast at the crime of the mob will look to Georgia to punish the criminals who under the cover of night, have committed a crime that cries aloud for severest punishment."

### INVESTIGATING CAUSE OF FIRE NEAR ALEXANDER

The tenant house on the farm of George Thompson of this city located four miles north of Alexander, and occupied by George Birdsell was damaged by fire Sunday night. The circumstances attending the first, in which it was said that coal oil had been poured on one of the carpets led to the belief that the flames might have been of incendiary origin. Deputy Fire Marshal Sloan and A. H. Borgardus of Springfield were at the farm house yesterday making an investigation.

### MRS. MARGARET MARSHALL ANSWERS FINAL SUMMONS

Passes Away at the Family Residence on North Church Street, Tuesday Afternoon.

Mrs. Margaret DeLapp Marshall died at her home 930 North Church street Tuesday afternoon at 4 o'clock. Mrs. Marshall had been ill for some time.

Deceased was the daughter of John M. and Mary F. Headen DeLapp. She was born near Lynnville, No. 28, 1853, and all her life has been passed in this county. She was united in marriage Jan. 27, 1870, to Robert B. Marshall, who preceded her in death. The deceased united with Liberty M. P. church many years ago and has always been a faithful member of that body. She was a woman highly regarded by those who knew her.

She is survived by her mother, Mrs. Mary T. DeLapp, of North Pomona, Cal.; and the following children: John W. Marshall, Jacksonville, Mrs. Albert Killam, Jacksonville, A. W. Marshall, Markham, Mrs. G. W. Baker, Jacksonville, Robert B. Marshall, of Markham, Gordon Marshall, of Jacksonville, Julian E. Marshall, and Ray H. Marshall, of St. Louis, Thomas R. Marshall, Jacksonville.

The following brothers and sisters survive: Mrs. W. T. Newland, Huntington Beach, Cal.; S. J. DeLapp, North Pomona, Cal.; Mrs. C. E. Crum, McKenzie, N. D.; B. H. DeLapp, T. C. DeLapp, Huntington Beach, Cal.

The funeral will be held from the residence, 930 North Church street Thursday morning at 9:30 o'clock. Interment will be in Liberty cemetery.

Today—Peaches \$1.25 per bu. Zell's Grocery, East State.

### LAUNCH BRITISH SUBMARINES NEAR BOSTON.

Boston, Aug. 17.—The British submarine H-18 will be launched today at the Fore River yards, at Quincy. On Thursday the H-19 will be launched and a few days later the H-20 will be sent down the ways. This will complete the order for ten under-water craft placed by Great Britain. The vessels are intended and cannot be delivered until after the war. The new submarines are of the same class as the American H class.

### BOLT KILLS HORSE.

Herman Black, residing a few miles southwest of the city had the misfortune to lose a fine horse which was struck by lightning Monday evening at the time of the violent storm. The loss will be a hard one as the animal was valuable and highly prized by the owner.

### COMPANY B. IN EXCELLENT TRIM FOR WEEK AT CAMP LINCOLN

Members of Company B are practicing every night this week and the company is already in excellent trim for its drill next week at Camp Lincoln. With two new recruits last night, there are now sixty men and three officers on the roster. In the whole sixth regiment there are 150 more men enrolled than the average number for ten years past, according to report from the commanding officer.

Company B will leave for Springfield Sunday forenoon at 8 o'clock by special train. The Quincy company will be on this train as will a band from Quincy and Col. Frank S. Wood and staff.

Capt. L. P. Owen is devoting his entire time this week for preparations for the annual encampment. He is taking his vacation from duties in the state treasurer's office and is doing all possible to get the company in best condition.

Besides Jacksonville the following cities will be represented by companies of 6th regiment national guardsmen at Springfield next week: Canton, Danville, Springfield, Decatur, Bloomington, Delevan, Pekin and Quincy, one company each, and Peoria, two companies.

**VISITING HERE.** Dr. Burnham, for some years an assistant physician at the Jacksonville State Hospital, was visiting in the city Tuesday, together with his wife and daughter.

They have just returned from a trip to the exposition, which they enjoyed greatly.

After leaving here Dr. Burnham was connected with the asylum at Marionville, Peoria county, and then practiced privately in Mason City for a time. His residence is now in Peoria.

Instead of looking older for the lapse of years since living here, Dr. and Mrs. Burnham look younger. But their "little girl" could hardly be referred to that way now.

### GONE HOME.

Mrs. S. M. Morton, wife of a former pastor of Westminster Presbyterian church, has pleased her friends by being here for a few days past. Mrs. Morton is now a resident of Taylorville, Ill., her husband having retired from the active ministry of the Presbyterian church. They came here in 1874, and left this place in 1890.

Mrs. Morton was the guest of Mr. and Mrs. R. R. Stevenson during her visit, and left for home on Tuesday morning.

### DR. G. V. BLACK HERE.

Dr. G. V. Black of Chicago arrived in the city last night for a brief visit at the home of his son, Dr. Carl E. Black.

### FRANKLIN HOME COMING IN FIRST PROGRAM TODAY

O. E. Tandy of This City Will Give the Address of Welcome—Everything in Readiness for Annual Event.

Despite the rain of the last two days the Franklin citizens have everything arranged for their annual Home Coming, which begins today and continues through Friday. Most of the concessions have already pitched their tents and amusements of every kind are promised during the three days festivities.

The program will be opened this morning, with an address of welcome by O. E. Tandy of this city, but who for a great many years resided at Franklin. In connection with the speaking Miss Ima Berryman will give a solo. During the entire Home Coming, the Waverly band will furnish music. Today's program includes, Athletic Comedy contest, The Hobbie race, The Ticket Pulling contest, Unicycle race, Climbing slick pole, Bottle Filling contest for ladies and girls, ball game, Blues vs. Ashland.

A southern banquet and burgoon will be enjoyed by the guests and each day at 11 o'clock there will be an automobile parade and daily a flag drill by forty girls. Several former Franklin residents have already arrived and the attendance gives promises of going beyond that of last year.

### POINT SUPPER.

The Ladies' Aid Society of the Point church will serve supper on the Church Lawn at 6 o'clock Wednesday evening, August 18th.

### ARRESTED FOR LARCENY.

Harry Blundell was arrested Tuesday morning by Capt. L. P. Owen on the charge of stealing shoes from Company B. Blundell has been a member of the company for nearly three years. He is in the employ of William Nunes and the arrest was made near Mr. Nunes' residence as the men were starting to work. He was taken before Justice Dyer and in default of bond in the sum of \$50 was sent to jail. Captain Owen says that articles have been missed from the company's stores for some time and recently someone stole the copper coils off of the water heater. Capt. Owen is determined to put a stop to such petty stealing.

### HAVE RETURNED FROM WEEKS VISIT.

J. H. Crim and children, Lawrence and Dorothy, of West College street have returned from a visit of a week which was spent in Springfield and vicinity. While in Springfield they attended the wedding of Mr. Crim's niece.

### NO DANGER FROM FOOT AND MOUTH DISEASE IN ILLINOIS

The Trouble Under Control and Held to a Small and Well Guarded Territory.

For some time there have been reports of foot and mouth disease in this state and naturally those who have live stock and especially those who have suffered loss of stock in time past feel anxious regarding the dread disease. From a reliable source the Journal learns the disease is absolutely under control and is confined to a small area. All infected stock has been killed and all suspicious animals will be dealt with summarily.

The federal bureau of animal industry has fully decided that the appearance of the disease is due to infected anti-cholera hog serum which has been distributed. The officials know where it all went and are guarding all the farms on which it has been used. A rigid quarantine is being maintained over the farms on which this serum has been used and the unfortunate possessor of hogs treated with this serum is not permitted to leave his premises nor is any one member of his family allowed to go from home. The quarantine is as rigid as for small pox or cholera.

Dr. J. S. Jenison, chief inspector in Illinois, says in the Drovers' Journal that he is as sure as one can humanly be that the trouble is under full control. There is a thorough organization to keep the trouble under surveillance at once to destroy animals acting suspiciously. There is no cause whatever for alarm on the part of stockmen far removed from disease infected area. He advises keeping stock at home till fully ready to ship, don't worry and don't overstock the market. Unwarranted fear is a costly ailment.

Today—Peaches \$1.25 per bu. Zell's Grocery, East State.

### NO REPORT OF MERCER ESTATE.

A bomb has been dropped into the center of the \$50,000,000 legacy reported due Jacksonville, Springfield and Decatur, Ill., heirs through the division of the Mercer estate said to be located in the business heart of New York City, by word from Gotham hat the estate is mythical as far as records go. Investigation in the city tax office, the office of the state comptroller and the surrogate's court revealed no record of any Mercer estate the assets of which would reach anywhere near \$50,000,000.

### RAIN DID GOOD.

The rain which fell Monday night seemed quite general. West of the city there was considerable wind which did some damage though not a very great deal. In general the corn crop was materially benefited by the downpour. One gentleman living near Litchberry said Monday morning he found in his field large cracks in the ground. The rain of the season had been so abundant the corn roots had not gone deep into the ground and consequently were near the surface and needing more moisture. Only a bad storm or an early frost will prevent a large corn crop in this vicinity.

### Lambertville rubber boots at Hoppers.

### FROM THE WEST.

The venerable James O. Hamilton has received a letter from his grandson, Clyde, son of William Hamilton, of Pasadena, Cal. The young man is especially proud of the fine roads they have in the vicinity of Pasadena and says when properly worked they are smooth as glass and wonderfully fine for automobiles of which there are enough in Pasadena to give all the people in the place a ride at the same time. He is also proud of the climate and several other things peculiar to southern California boosters.

### MT. EMORY BROTHERHOOD.

The Rev. H. F. Cusic addressed the brotherhood of Mt. Emory Baptist church, in session for the August meeting yesterday evening at the church building. He spoke of progress in the brotherhood movement and told of what a live men's organization can do for the religious life of the community.

Mrs. Mazie Mallory gave two excellent piano selections and Mrs. Pauline Moore favored the company with a well rendered reading. Refreshments, served at the meeting's close, were in charge of James Scott, Samuel Johnson and Simon Faucett.

Go to SPIETHS for high class portraiture.

### FRANK KILORAN KEPT FROM WORK.

Frank Kiloran, who was badly bruised Monday evening when the chemical and hose wagon overturned, was rather sore Tuesday. He was unable to attend to his duties at the city hall but hopes to be at work again in a few days.

### VISITING PARENTS.

Vernie W. Tremble of Des Moines Iowa, is expected in the city today for a visit with his parents, Mr. and Mrs. George W. Tremble on North Church street. The young gentleman is secretary of the publisher of the Des Moines Register & Leader, one of the leading daily papers in the state and has a fine position.

### PRESBYTERIAN SYNOD.

The annual meeting of the Presbyterian synod of Illinois will be held in Sterling Oct. 19 to 21, and it is anticipated that there will be upward of 200 delegates present from the various presbyteries over the state, besides many prominent Christian leaders.
